

Tattoo Pre Care

- Ensure you get a good night's sleep.
- Avoid consuming alcohol, using substances, or staying up late before your tattoo appointment.
- Eat a nutritious and satisfying meal before your appointment.
- Aim to arrive at least 15 minutes early or on time for your appointment.
- Remember to bring a beverage such as water or a cold drink, as well as a sugary snack if desired.
- Prior to getting your tattoo, feel free to ask your tattoo artist any questions you may have and inform them about any allergies or symptoms you may have.

Tattoo Aftercare

Below are the DOs and Don'ts when it come to the healing process of your fantastic new tattoo

- Your tattoo artist will cover your tattoo after the session is done.
- Keep your covering on for at least 4 hours.
- After 4 hours take your cover off and wash your tattoo gently with your hands, use dove soap and water (do not use a wash cloth or sponge)
- Tap dry your tattoo gently or leave to air dry.
- For the next two weeks repeat the washing process above, in the morning and evening
- The healing process starts once your tattoo starts drying and starts to scab, start with your aftercare cream (SoftWasp) sold in store.
- Apply SoftWasp in the morning and in the evening after cleaning your tattoo until the scabbing stage is over.
- You can use your aftercare cream as a daily moisturiser for your tattoo even after it has healed.
- No picking at scabs or scratching your tattoo.
- No soaking your tattoo in water like swimming in pools or the ocean and exercising until your tattoo has fully healed.
- A quick shower is recommended, do not soak your tattoo.
- Keep your tattoo out of direct sunlight during the healing process.
- Your tattoo artist will always be there to answer your questions and give advice.
- Once you leave the shop it is your duty to take care of your tattoo with all the information that you have been provided with by your artist.
- Last but not least enjoy your new tattoo!
